

Cape Cod RTA is working tirelessly on ensuring that all health and safety precautions are taken to help mitigate the spread of COVID-19 and keep our customers and employees safe. The safety and wellbeing of our passengers and our employees is always our foremost consideration. We encourage all passengers to follow the Governor’s advisories, advice of the CDC, and local public health officials. Customers who have been in contact with the virus are encouraged to stay at home and use medical transportation for medical emergencies. CCRTA has instituted the following health and safety procedures/policies:

- All buses thoroughly sanitized daily with a “mold fogger” device.
- All drivers given gloves and masks and required to wear them at all times.
- Masks are handed out to riders who need them.
- Hand sanitizer and Lysol wipes on all buses.
- Clear plastic curtains and barriers being installed between driver and rest of bus.
- Social distancing encouraged on all buses.
- HTC and other facilities thoroughly sanitized twice a day.

Stop the Spread of Germs

Help prevent the spread of respiratory diseases like COVID-19.

- Stay at least 6 feet (about 2 arms' length) from other people.** (Illustration of two people with a 6 ft distance marker)
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash and wash your hands.** (Illustration of a person sneezing into a tissue)
- When in public, wear a cloth face covering over your nose and mouth.** (Illustration of three people wearing masks)
- Do not touch your eyes, nose, and mouth.** (Illustration of a person with a red 'no' symbol over their face)
- Clean and disinfect frequently touched objects and surfaces.** (Illustration of a hand spraying disinfectant)
- Stay home when you are sick, except to get medical care.** (Illustration of a person in bed and a house)
- Wash your hands often with soap and water for at least 20 seconds.** (Illustration of hands being washed with soap)
